

D. REMARKS

Claims 1, 2, 4, 5, 6, 7, 8, 9, 10, 18, 19, 20, 21, 22, 23, 24, 27, 28, 29, 30, 33, 34, 35, remain pending herein.

Claims 3, 11, 12, 13, 14, 15, 16, 17, 25, 26, 31, 32, have been canceled.

Applicants' attorney appreciates the opportunity to have had a telephone interview with the examiner on November 6, 2003. Some clarifications were discussed including that the control buttons are different from the control buttons that are utilized when the object or page or transient message is initially rendered and from which the screen images are captured.

The amendments made herein were made for purposes of clarity and are supported by the specification, for example Fig. 3A and the description therewith.

The examiner has rejected claims 1-3, 11-18, 25, 29, and 31-34 under 35 USC 102(e) as being anticipated by Moore et al (Moore) US 2001/0039546A1. Applicants submit that the examiner's rejections are overcome with the previous amendment and as clarified herein.

Respectfully submitted,

Marilyn Smith Dawkins
